Dear Parent/ Carer

Google Classroom Survey

As outlined in the newsletter, we are sending out a short online survey to get some feedback from our families about the new Google Classroom learning platform. We are delighted to have been able to access the government grant to allow us to introduce this new learning platform. We have also appreciated the positive response from our school community (families and teachers) as we have learned together how to use this new remote technology to support the learning of our children during this time.

Teachers and families have now had a few weeks to become more familiar with using the platform and we would therefore appreciate some feedback about what is going well and what we could develop further or improve. To access the short online survey for parents/ carers please click [here](#).

Thank you for taking the time to complete this questionnaire.

Kind regards

Julie Williams

Headteacher
